Spirit in Action

November 2009

This month's spiritual lesson is from Studies in Divine Science by Mrs. C. L. Baum pages 38, 40-41

All health is good health, and all temper is good temper; but we manifest only as much of either as we are conscious of. The temper of our mind then, which is of the one Mind, is calm, even, serene, poised, peaceful and harmonious, and evil does not exist in it at all.

Thoughts are unexpressed words and are to be guarded and kept pure if all inharmony in the external is to be overcome forever. Our beliefs are continually "bearing witness" in the external, and the visible reveals the invisible thought. "There is nothing hidden that shall not be revealed." False beliefs reveal themselves as negation in various forms, as the absence of Truth.

To look always for the Truth will prevent any possible vision of error. Know the truth about all things if you would overcome "the world." The truth

of you is your divinity. The truth of your body is its health. The truth of your neighbor is his inherent goodness. The truth of every problem is its conformity to principle. The truth of your life is its integrity. The truth of the universe is its unity.

Back of all created things does stand the Truth, the reality, and no appearance of evil can harm it. Discord never affected harmony and error never can harm truth. We must look deep for truth, search for it earnestly and resolutely, determined to find in it an answer to every problem of life. That is the only way that appearances, false beliefs and misconceptions can be overcome. "And ye shall know the truth and the truth shall make you free." – Jesus. "Howbeit when he, the Spirit of truth, is come, he will guide you into all truth."

DSFI is the hub of Divine Science. Listed below are the spokes that are active in keeping our teachings alive and vital. Our individual members are additional spokes as all of us choose to live a life of “practicing the Presence.” We invite our Spirit in Action friends to network with each other. You may wish to keep this list as a handy reference.
